

## ERASMUS Week

8—12 April 2019

Dennis Gabor College would like to invite lecturers and other colleagues from our partner institutions to our Erasmus Week in Budapest. The aim of this event is to share scientific results, accomplishments in research, best practices in higher education and discuss the cooperation possibilities.

During this week we offer the guest teachers the possibility to give lectures in the fields of computer science, engineering, business and management (Bachelor level). For staff members we arrange meetings with their Hungarian colleagues to exchange knowledge and experiences.
